KORONA POS
Cash drawer buyer sheet

U.S. equipment planning reference • November 18, 2026

Organize bills and coins in a locking drawer that can open automatically during checkout. Confirm dimensions and how the quoted register or printer triggers the drawer.

Individual configuration: confirm connections, accessories, mounting or charging, and software requirements separately.

Photo shows a representative configuration, not a confirmed brand, model or revision. Before quoting, confirm exact equipment, compatibility, counter or floor space, networking and supply terms. Bring barcode, label, ticket or ID samples when relevant.
