KORONA POS
1D countertop scanner buyer sheet

U.S. equipment planning reference • November 18, 2026

Scan the familiar one-dimensional barcodes on packaged goods at a fixed checkout. Bring a sample of the smallest barcode you sell and confirm the mounting position.

Individual configuration: confirm connections, accessories, mounting or charging, and software requirements separately.

Photo shows a representative configuration, not a confirmed brand, model or revision. Before quoting, confirm exact equipment, compatibility, counter or floor space, networking and supply terms. Bring barcode, label, ticket or ID samples when relevant.
